DEDICATION

Cubberley lost one of its "fixtures" last January as Mrs. Lillie Vincent concluded six years of gracious service as auditor of student body funds. Perhaps no one was better liked or respected than Mrs. Vincent, who won the friendship of all by her kindly manner and ready smile.

Known to thousands of Cubberley students whom she met while performing her multitude of duties, Mrs. Vincent impressed all with her warmth, efficiency, and dedication. Each year she capably handled such jobs as tickets, yearbook, and student body card sales and distribution of tickets for home basketball games, as well as supervising student delinquent lists, and still devoted time to assisting Miss Leveen with the Girls' League.

In recognition of her many contributions to the operation and activities of Cubberley High School, the staff of the 1964 TOTEM, with respect and appreciation, dedicates this yearbook to Mrs. Lillie Vincent.

THANK YOU

The task of a yearbook adviser could be compared not inaccurately to the role of den mother, dictator, and diplomat, although the burden is mitigated in some small way by such dividends as gastric ulcers, recurrent vertigo, and imminent nervous breakdowns. For having served meritoriously in this parlous capacity during the production of the '62 and '63 TOTEM, the staff of the 1964 TOTEM wishes to extend its sincerest thanks to Miss Sylvia Johnson. Under her supervision the TOTEM expanded in coverage and imagination as a permanent record of the annual activities of Cubberley's students. Again, many thanks!

PRINCIPAL'S MESSAGE

There is a spirit of academic and social freedom which exists at Cubberley High School.

This freedom exists as a result of understanding, by faculty and students, of the principles of living which make man free.

These principles include:

The supreme importance of the individual — every student being free to make a contribution according to his own abilities and interests.

Each student being held morally responsible for his own conduct. A minimum of rules and regulations but a maximum of unfailing consideration of the feelings, needs, and rights of other people.

Brotherhood — a sincere interest in eradicating the causes of the misfortunes of others.

Common consent — faith in the intelligence and reason of man.

Moral equality — every person judged by the same standard.

Respect for excellence — our school thrives on the best contributions of everyone.

Devotion to truth — willingness to accept the truth and appreciate it.

Optimism — faith in the future.

Teachers and students have read, discussed, and examined these ideas in many areas of our school life. The most difficult part is to live according to our convictions. As this yearbook records the events of this school year it also records some of our attempts to maintain this spirit of freedom.

It is my sincere conviction that this has been one of the finest years in the history of Cubberley. We have achieved our goals and have attained a greater measure of freedom than ever before.

There is no doubt in my mind that the class of '64 has given the leadership and understanding which has made our success possible. It has established the principles of freedom for all classes which will follow. It is with pride, but with some regret, that we must see our senior class graduate. We shall not forget the ideas and achievements of this class and hope that those who follow may strive to improve upon what has already been accomplished.

A. C. Stevens

THREE YEARS—IN RETROSPECT

Although only capturing the people and events of the past school year, the 1964 TOTEM may evoke many memories for departed seniors of experiences at Cubberley since 1961 when they entered as sophomores.

During three years an uneventful week seldom passed as school activity was constantly punctuated by some eruption of the unique personality of the Cubberley student body.

The lunch period provided such outlets as Volkswagen pushing contests, slave sales, coed relay races, one-act plays, limbo contests, tricycle drags, the marathon, KCHS, and brass bands beating and blating the praises of election candidates or the football or basketball team with a game that day. Unfortunately, more bellicose pastimes were practiced at noon, too, such as school-wide water balloon wars, and food fights, swamp football games, and rugby matches in the amphitheatre.

Cubberleyites also succumbed to fads as yo-yos whipped out in every direction, candy boxes skidded on table-tops in the Student Hall, and wigs were in and out in an instant. And of course surfing, white levis, black tennis shoes, and the Beatles lingered remarkably.

In sports, unforgettable were the championship baseball team of 1962 with Wayne Miller, Ray Gale, Hank Newman, and Bill Pletsch; Jim Eshelman's pole vaults; the pass catching of Rob Taylor; the running of Fred Morse; the all-around play of Tom Kmetovic; the 54-20 rout of M-A on TV; the agonizing football losses to Paly and Sequoia in both '63 and '64; the cross-country team for 1963; the Healdsburg tourney win and the 1964 basketball team; and George Todd's last-second basket that won the league title for the B basketball team in 1963.

The student government created headlines with annual revampings, election hoopla, smoking and drinking bills, absenteeism of representatives, and "lumps under the rug." Transistor radio earplugs enraged teachers as the World Series and the astronauts' flights brought the school to a standstill. And several underground newspapers sprang up but soon withered away as their lampoon struck some administrative raw nerves and the friend's friend's mimeograph was confiscated.

The following pages should recall many of these memorable, moments.

Board of Education

The past year has been an exceedingly busy one for the Board of Education and the school district administrators. Under the nine and one half million dollar building program the contracts for the construction of Henry M. Gunn Senior High School and the additions at Ross Road Elementary School have been awarded and the construction is under way. The development of plans for major remodeling and expansion of Jordan Junior High School, the planning of classroom additions at Wilbur Junior High School and the development of initial plans for the remodeling and expansion of Palo Alto High School are under way. Soon to follow will be the procurement of additional school sites and the construction of a new elementary school and additional classrooms at two or three other elementary schools.

In the general area of curriculum the Board of Education, the administration, the principals and the teachers have developed a philosophy statement for the school district and have expanded and improved the instructional program in

all fields with particular emphasis in the social studies, science, foreign language and mathematics fields. The experimental closed circuit television program now serves three additional schools and the data processing will soon provide modular scheduling in all secondary schools. Special programs for the non-college bound students are in the development stage, and more thorough follow-up studies of high school graduates are being planned in order to continue the program of curriculum improvement.

The Palo Alto Unified School District has over the years been a leader in the development of new programs and has been involved in experimentation which has given the students in the school district an opportunity beyond that which is available to youngsters in many parts of the state and nation. The community has supported this kind of educational endeavor and has been willing to provide the funds necessary to build adequate buildings and carry on a quality educational program at all levels.

Vice-Principal

Administration

As in all smooth-running organizations, there are master-minds at the top who command and coordinate the actions of the many below. We are privileged to have such highly capable administrators as Dr. Andrew Stevens, Mr. George Millar, and Miss Phyllis Leveen whose efforts in leadership and discipline mean continuity and order of education in this school. These individuals in their concern for each student and his self-fulfillment exemplify the progressive, energetic spirit of Cubberley. Under their service we have progressed through experimental programs of revised curricula in biology, math, language, physics, and chemistry, and such changes as IBM registration and rotating schedule. In future years further advancement is certain, always without compromising or forgetting fundamental aim of greatest help for the student.

Mr. George Millar
Vice-Principal

Standing Left to Right: Mr. Robert Hilmer, Mr. John Gates, Mr. William Hutchinson, Mr. Del Carlson, Mr. John Lewis, (Dept. Head), Mr. David Buck. Seated Left to Right: Mrs. Katherine Cook, Mrs. Alice Vigeant, Miss Fern Bruner, Miss Mary Frances Gould, (registrar), and Mrs. Gladys Noon (school nurse).

Guidance

The guidance department consists of three main divisions: counseling, health, and registration. Counselors answer student questions, help plan programs, and aid each student with his plans for the future, whether it be supplying college entrance information or preparing him for interviews with prospective employers. The health department provides everything from band-aids to pass slips home, as well as offering the health services of the district. For months in advance, the registrar is hard at work setting up programs for Cubberley's 1,600 students, recording grades and accomplishments in student cumulative folders, and preparing all IBM data.

Standing Left to Right: Mr. Roland Bartholomew, Miss Jeanne Cushing, Mr. Jim Guthrie, Mr. Albert Chanteloup, Mr. David Buck, Mr. Robert Bow. Seated Left to Right: Miss Suzanne Brown, Dr. Andrew Stevens, Miss Fern Bruner, Miss Marjorie Tully.

Faculty Senate

Comprised of nine faculty members and the principal, the Faculty Senate acts as an advisory and representative board of the faculty to communicate to the administration their opinions on the formulation of standards, policies, curriculum, and goals here at Cubberley. The Senate also has the responsibility of consulting the faculty as a whole when a decision of general interest to them is to be made. All decisions of the Senate require the approval of the principal.

Student Activities

The livelier side of Cubberley is reflected in the student activities that complement the academic routine. Mr. John Gates, (right), Mr. Richard Gorton, (center), and Student Activities Clerk Mrs. Thelma Thomas consult with the students and their commissioners in organizing and scheduling events, approve pictures, attend meetings, hold student conferences, and keep the calendar in the Student Activities Room complete and accurate.

Special Education

The special education program of the Palo Alto Unified School District is directed at providing the skills to obtain and hold jobs. Math, English, science and, social studies which lead to practical application in the economy and Peninsula firms are studied. Graduates of the classes are employed in such work as nursing, domestic services, and packing. Conducting the instruction is Mrs. Geraldine Kickbush.

English

What do English teachers do? Who can say? The measure of the teachers far exceeds penciled composition marks or course materials covered; what English teachers succeed in doing becomes realized in memory alone. Working toward the idealistic hope that each student gives meaning to his life through the novels he reads, a poem he experiences, the speech or dramatic role he undertakes, a newspaper column or yearbook page he engineers, the English teacher struggles to reach someone, to make him understand, to cause him to want to learn, to want to read, to feel, to think, to define, to measure, to redefine, to be and to become.

Social Studies

Man's study of man is his most rewarding pursuit. The practical application of all the other fields of study is severely limited or greatly expanded by the degree of success he achieves in understanding himself. But while rapidly increasing knowledge clears the way for such understanding it also complicates the search. A continuing problem in the social studies is to select from the many disciplines the knowledge that will enable the students to prepare for useful lives and the betterment of our society. This search for, study, and development of such a curriculum has been the major task of the social studies department at Cubberley this year. We feel we have made a substantial progress toward a curriculum that will be both demanding and rewarding to the students.

"Speak softly and carry a big stick."

Seated Left to Right: Mr. Jim Guthrie, Mrs. Beatrice Mills, Miss Susan Alstetter, Mr. Harold Roberts (Dept. Head), Miss Suzanne Brown, Mrs. Nancy Grippo, Mrs. Gypsy Lawrence (Aide). Standing Left to Right: Mr.

Albert Chanteloup, Mr. Pete Ida, Mr. Robert Maxwell, Mr. Hamlin Smith, Mr. William Medlen, Mr. Warren Nelson, Mr. William Nichols, Mr. Gerald Kelly, Mr. Norman Ringuette, Mr. Ray Fleming.

Standing Left to Right: Mr. George Truscott (Dept. Head), Mr. Robert Starkey, Mrs. Dorothy Vucinich (Aide), Mr. Dick Furr, Mr. Allen Price. Seated Left to Right: Mrs. Nina Black, Mrs. Sandra Forsythe, Mrs. Paula Olinger, Miss Adene Hurst.

Math

Each year the number of students enrolled in math classes grows larger, and more students are continuing their math education in colleges and universities. The mathematics department improves the quality of its instruction through the use of the best and latest math texts and supplementary materials. Many classes are teamed for instruction. Overhead projectors, large demonstration slide rules, and even IBM 1620 computers are used to further develop mathematical understanding. Calculus, analytic geometry, and electronic computing are taught to advanced students. There are courses that prepare the college-bound student as well as courses for those who need math for immediate employment. We have an active mathematics society, MU ALPHA THETA, which instructs and inspires students toward more mathematical knowledge. More students are entering and winning regional math contests. At Cubberley the staff and students are making mathematics "the queen of the sciences."

Cubberley's students have survived the transition from the old to the new. In the past they have struggled with memorizations of skeletons and worms in biology, equations in chemistry, and levers and circuits in physics.

Today, with the advent of BSCS (Biological Science Curriculum Study), CHEM study, and PSSC (Physical Science Study Council), the study of modern science requires students to think. If our students have any mark of the science department it will be noticeable only on their brains, where you will find a few extra wrinkles.

What does the future hold for the Cubberley science department? We know that the future holds the opportunity for us to develop students who think more clearly, and perhaps produce a few more wrinkles in the right spot.

Science

Language

The need to communicate with people of other countries is quite obvious these days. Communication is dependent not only upon facility with the language but also upon some knowledge of the culture it reflects. These cultural values and attitudes should be known if they parallel those of our culture and must be studied if they differ.

In order to gain facility with a second language, a rather long period of time is required for the necessary numbers of contact-hours with the language. Therefore, the major emphasis in the beginning modern language classes is on the language itself, and as the student progresses with his studies, hopefully for at least four or five years, he acquires facility with the language, ability to read and write that language without conscious translation, and cultural values as well as knowledge of the outstanding representative literature.

To these ends the foreign language department is committed, and the teachers are striving for this goal.

It is hoped that not long from now, high schools can expand their offerings to include some of the more so-called exotic languages of the East and Middle East, like Arabic, Hindustan, and Japanese, but not exclude the classical five, French, German, Latin, Russian, and Spanish.

Music

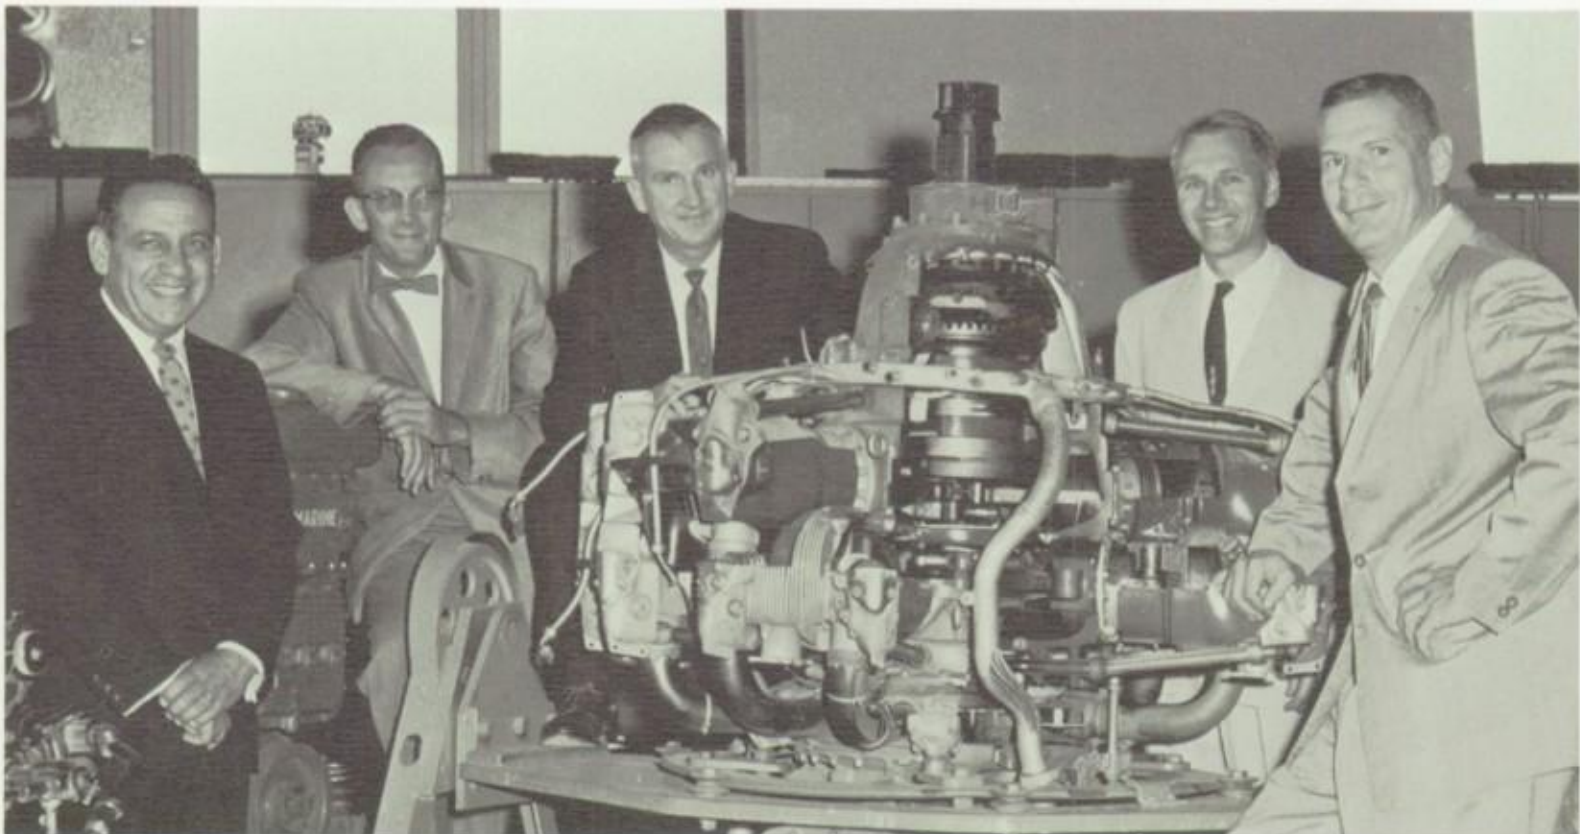

The music department exists for the musical development of young people. It is organized to give students varied, interesting experiences in singing, playing an instrument, and learning about the history and development of music. It is the sincere desire of the department to help students learn to appreciate the finest in orchestral, choral, and band literature. The most efficient method of helping students appreciate music is to have them participate in a group such as band, orchestra, choir, or glee club. For the students who do not play or sing, a course in music history is offered. Each succeeding year has seen the music program at Cubberley gain strength in the variety and quality of its offerings as evidenced by the major performing groups.

Left to Right: Mr. Douglas Hornbeck (Dept. Head), Mr. Ken Peters

Industrial Arts

The industrial arts department at Cubberley is divided into six areas: auto mechanics, drafting, graphic arts, metalworking, power mechanics, and woodworking. Each is a distinct area of the industrial materials, processes and products, and the development of basic technical skills.

Left to Right: Mr. Harold Riddle, Mr. James Smartt (Dept. Head), Mr. William Burnes, Mr. Dan Boehm, Mr. Clarence Merkley.

Mrs. Janet Parker, Mr. John Gruber, Mr. Phillip Collins, Mr. Nate Rosenberg

Business

Cubberley's business department offers a variety of activities and valuable opportunities for new learning. Equipped to prepare you for a successful career in the business world, it also stands ready as well to provide those necessary skills for the pre-college student such as typing, shorthand, brief-hand, notemaking and bookkeeping.

In addition to its normal schedule of classes, the business department has this year chartered an important new club, The Future Business Leaders of America. F.B.L.A. is already forming into an active organization of students interested in working together to advance themselves and their school, learning useful skills and making money.

Mr. Del Carlson, Mr. Artur Adams, Mrs. June Johnson, Mrs. Margaret Johnson.

Art

The Cubberley Senior High School art department attempts to provide a flexible, creative, artistic, and three-dimensional experience for students, from the unmotivated to the highly-gifted but goal-centered student. There are opportunities for students who show high aptitude, interest, or talent in art and who desire to enter the teaching profession or become commercial artists.

Students work on individual and group projects in a laboratory-type setting. A special services class devotes time to working on school projects such as athletic posters and student activities projects.

Homemaking

Most girls at Cubberley will someday be homemakers. Cubberley's home-making department serves as a laboratory for well-rounded experiences in home living. The department offers three years of clothing which culminate with the creation of hand-tailored suits and coats. In the two years of foods the girls learn to buy, prepare and serve all types of foods. In the child care course the students study human growth and development. The home furnishing and management class teaches home care furnishings, decorating, and economics. These courses will help beautify and increase the efficiency of future homes.

Left to Right: Mrs. Dorothy Berry, Mrs. Marian LaMetre (Dept. Head), Mrs. Frances Birkenbeul.

Driver Education

Supervising the driver education program at Cubberley, Mr. George Hurley and Mr. Pete Ida conduct quarter-long classroom courses covering the rules, techniques, and attitudes of driving, as well as the mechanics of the automobile and offer actual experience behind-the-wheel in driver training sessions.

Left to Right: Mr. Pete Ida, Mr. George Hurley.

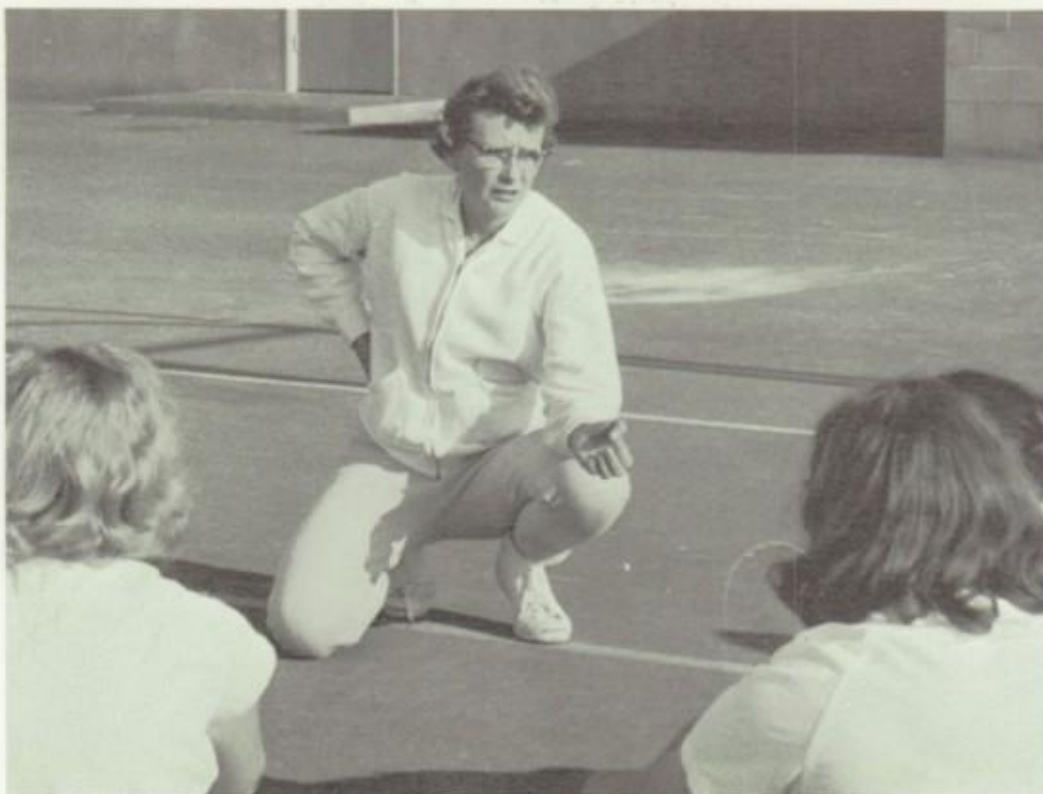

Standing Left to Right: Mr. Dale Summers, Mr. Ronald Skillicorn, Mr. Harlan Harkness, Mr. George Hurley.
Kneeling Left to Right: Mr. Len Doster, Mr. Robert Bow (Dept. Head), Mr. Bud Presley.

Boys' Physical Education

"Hey, you! Let's get the 12-mile runners over here!"

The boys' physical education department has three specific programs to help accomplish its main goals of helping each individual to develop physically, mentally, socially, and emotionally. First, opportunities are provided for each student to improve his ability and appreciation of group sports, individual sports, and physical fitness. Second, opportunities are provided for each individual to develop in leadership and responsibility by providing situations to lead and follow and choose good sportsmanship over bad sportsmanship. Last, they provide opportunities to release nervous tension through vigorous activity. This department helps to insure a well-rounded present and future life for each Cubberley student.

"You hold the marble between the thumb and third finger."

Girls' Physical Education

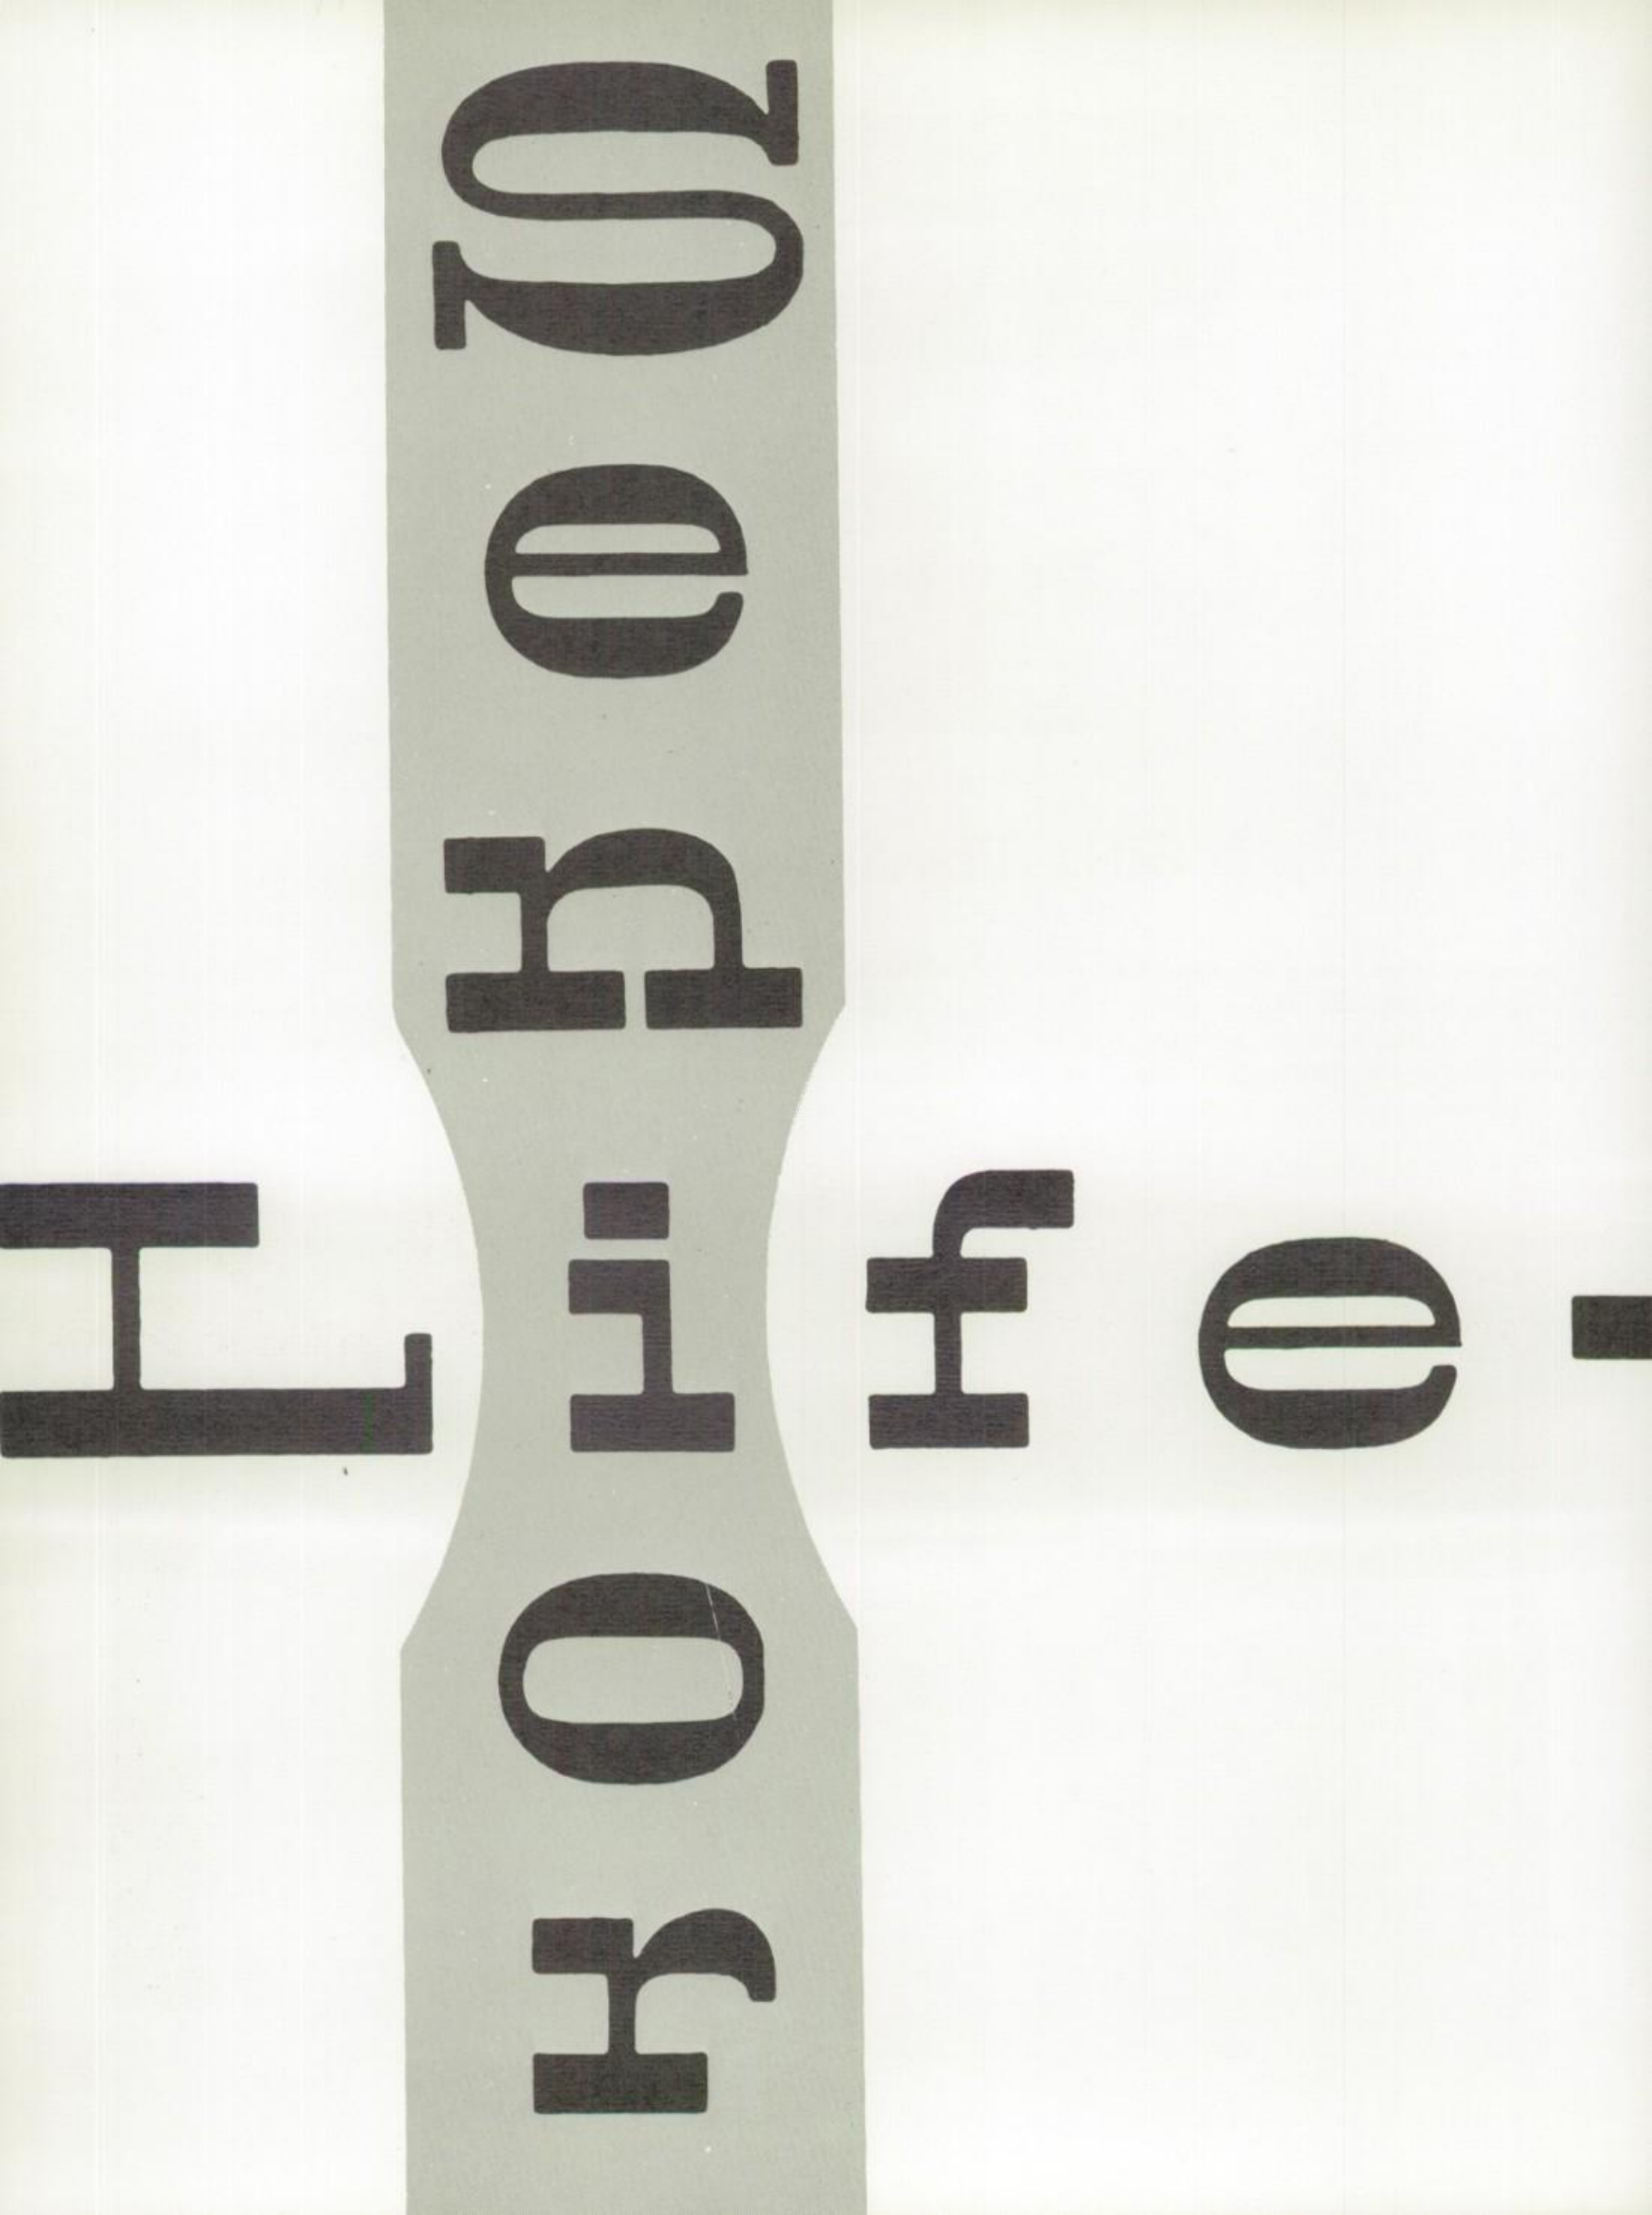

Success in solving the problems of life depends in part upon physical health and fitness, mental health and alertness, and the wholesomeness of attitudes; in part upon proficiency with various skills. Physical education is an important aspect of the high school curriculum because through participation

in its many activities girls are helped to acquire skills, attitudes, and knowledge that are required for a full life.

The girls' physical education department offers a wide variety of activities in attempting to meet the physical, mental, and social needs of every girl.

Left to Right: Miss Jan Doggett, Mrs. Margaret Erikson, Mrs. Sue Clay, Mrs. Lynne Dahms, Mrs. Betty Hansen.

The Senior Class officers are: Bill Littig, Vice-President; Tina Meyn, President; Kathy Storch, Secretary-Treasurer.

The Class of 1964 was one of the most dynamic and outstanding groups of seniors to depart from our hallowed stucco halls in the brief history of Cubberly High School. During three years at this institution, they produced fifteen Merit Scholars and numerous regional math and Science Fair contest winners, fielded fine athletic teams, received art scholarships, were awarded accolades of music, promoted school spirit at sports events, organized school activities, and participated in distinguished musical and dramatic productions.

The most enduring impression of the Class of 1964 will be of their vitality, individualism, and intellectual achievement.

STUDENT GOVERNMENT

Student Body Officers

Last year's Cubberley students functioned under a new Constitution. We no longer had General Assembly meetings in which bills were discussed to be passed only after a complicated process of voting. Instead students met in homeroom periods to discuss current issues. Each homeroom had a student representative who presented their ideas to the class council.

The forum concept rarely used in the past became an important cog in the student government machine. Any student could call for a forum by presenting a petition with twenty signatures to the Student-Faculty Council.

Although in its infant stage Cubberley students have found this to be an efficient and effective form of student government.

BOYS' RALLY: Jud Shutts
ELECTIONS: Arlene Blatny
ASSEMBLIES: Jamie Dugan
FINANCE: Judi Anton

One of the hardest working groups of individuals at Cubberley is the body of Commissioners. They are responsible for many of the activities that make Cubberley an interesting and smooth-running school. Every Commissioner is empowered to call forums with the approval of the faculty advisor as well as to appoint committees to assist him. Commissioners selected by the Executive Board for the school year 1963-1964 were Luellen Gold, Communications; Bill Fisher, Student Activities; Suzi Veltfort, Cultural Activities; Diane Calthorpe, Girls' Pep; Jud Shutts, Boys' Rally; Arlene Blatny, Elections; Jamie Dugan, Assemblies; and Judi Anton, Finance.

HOOTENANNY

Chris Fraser

Last year's student leaders possessed talented imaginations, and the Cubberley student body often enjoyed the fruits of their creativity.

One of the first activities organized by the student body officers was the Hootenanny. This musical assembly was presented by students during school hours in the amphitheatre. Several weeks later a professional Hootenanny sponsored by the student body was performed on a Friday evening in the Cafetorium. Also sponsored by the Student Government was a series of lectures including one by Dr. Max Rafferty, State Superintendent of Public Instruction.

Tina Meyn, Senior Class President, planned several activities new to the senior program. One of these was the Senior Class Swim and Barbeque. One Saturday seniors gathered at San Mateo Memorial Park for a picnic. Many other exciting activities such as a hayride and car rally were planned for the Senior Class.

CHRISTMAS

1963

AMERICAN FIELD SERVICE

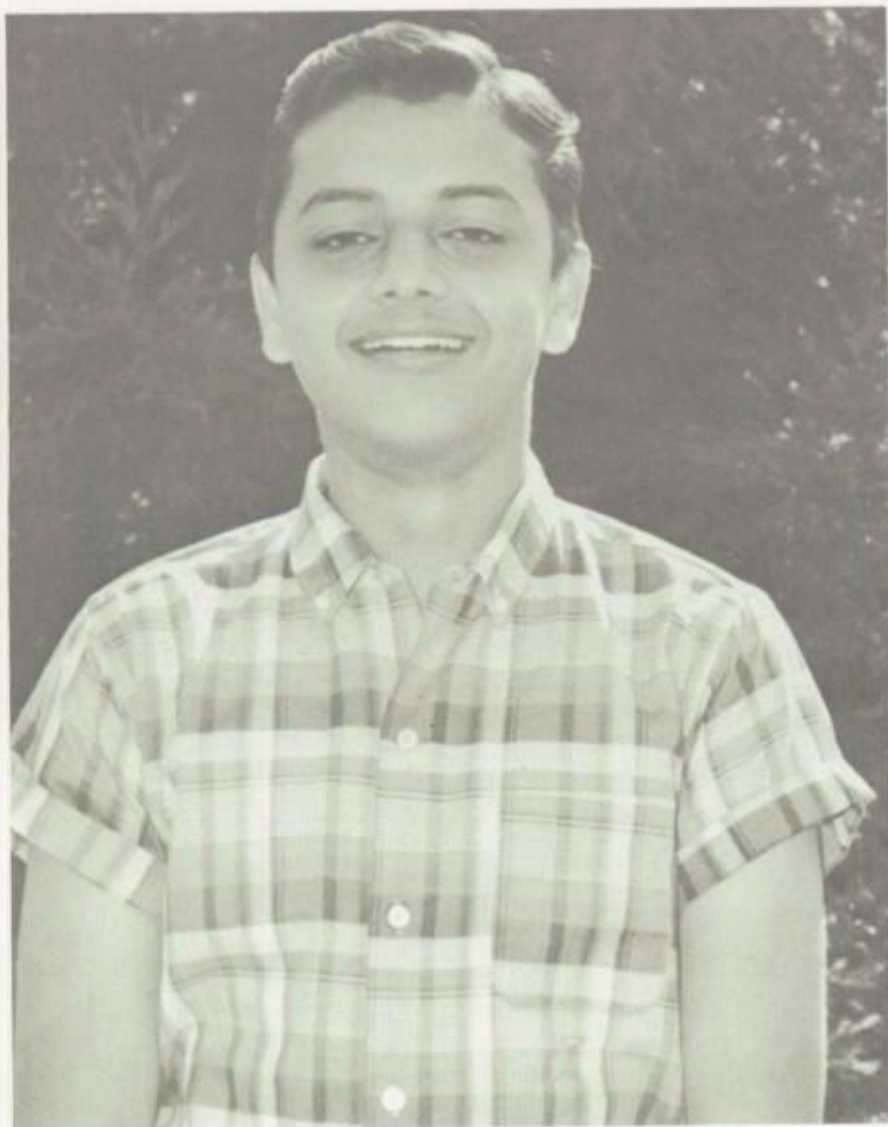

This year (under the auspices of A.F.S.) Cubberley was fortunate to have two students come from foreign countries. From France came Martine Caillaud, and Rajiv Pathak left his home in India to spend the year in Palo Alto.

Chris Laurits was the only Cubberley student who had the opportunity of living abroad in 1963. Other finalists from the Class of '64 were Kit Bagby, Luellen Gold, and Brenda Johnson.

Representing the Class of '65 were Tom Sears, Pam Pitre, Marc Kohler, and Shelly Muser. Of these students Tom Sears was chosen to live in South Africa.

NOMINATING CONVENTION

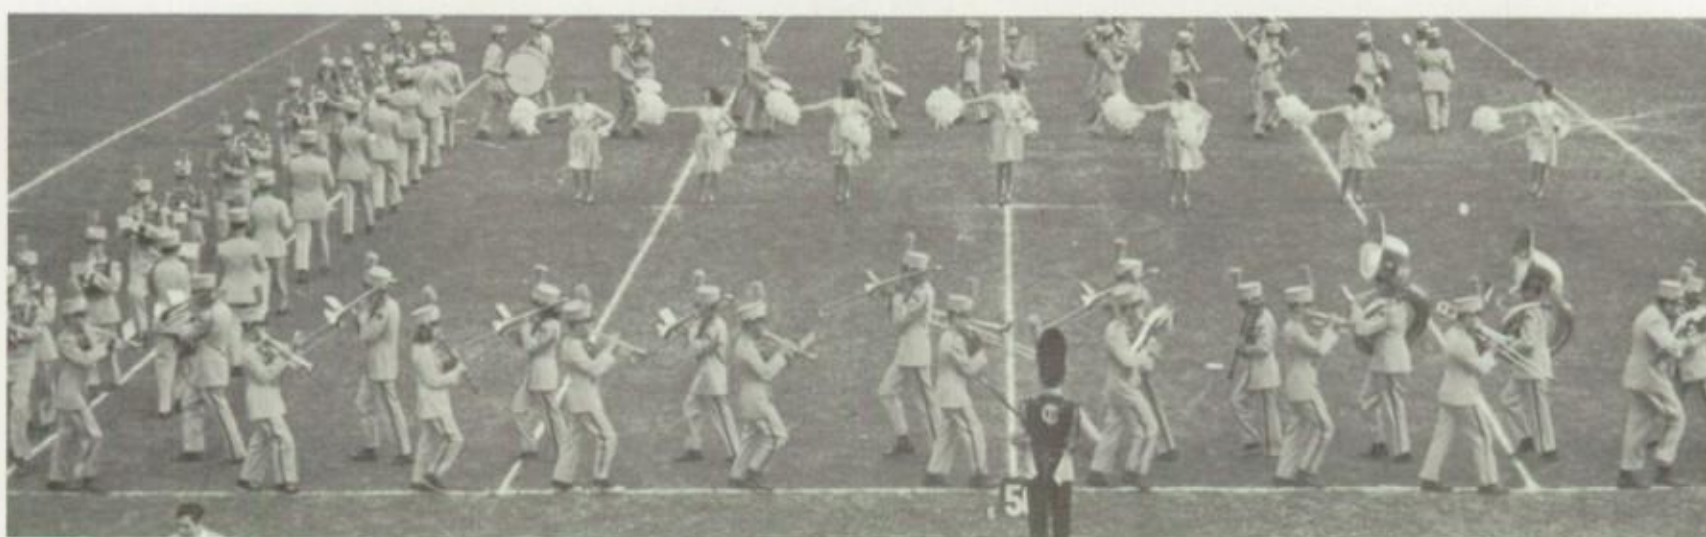

Cubberley's student government introduced the nominating convention into our election system. Each social studies class represented a state or territory and as, in the national convention, each state sent a certain number of delegates depending on population. The delegates cast their votes according to the wishes of their constituency. Intense excitement stirred the crowd with each nomination, vote, and point of order. Delegates came dressed in the official garb of their state. Banners, signs, and confetti added interest to the convention, which was a great success and hopefully will become a tradition at Cubberley.

CARNIVAL

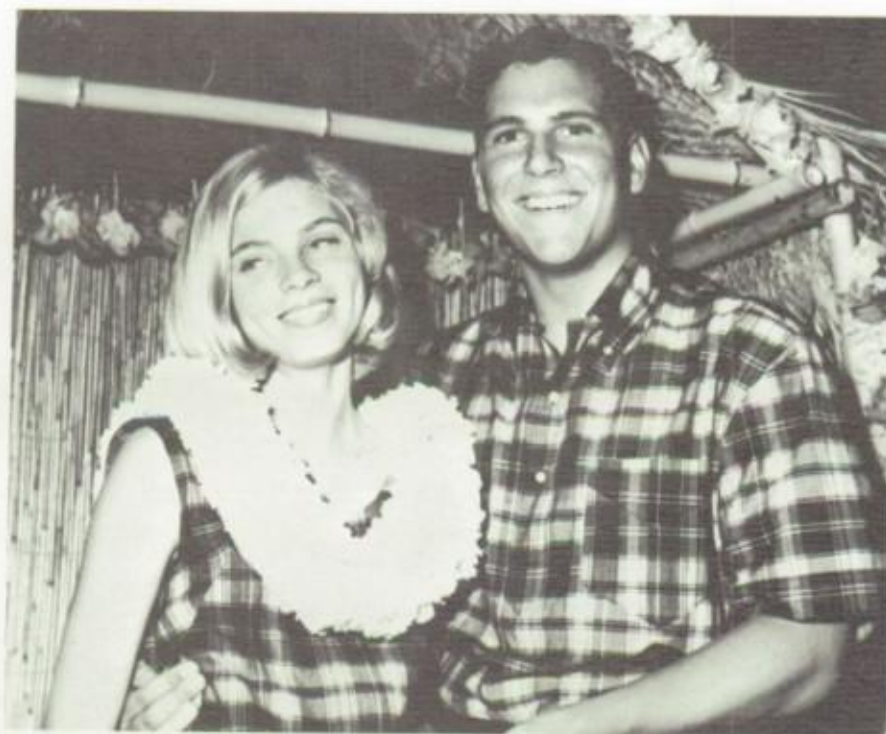

The Carnival has become an annual fund-raising event at Cubberley. Clubs sponsored by Cubberley design booths for food and fun. Such booths as the marriage and divorce booths were especially successful. The Carnival drew people of all ages from elementary school children to junior high and high school students to fun-loving adults. Following the booth activity at the Carnival a dance was held in the cafetorium sponsored by the Golden C.

BACCALAUREATE

The Baccalaureate service for the Class of 1964 was held in the Stanford Memorial Church. Readings from the Old and New Testaments were presented by Berry Wenegrat and Dennis Owens. Cubberley's A Cappella choir sang several hymns including a solo by Donna Moon of the Lord's Prayer. The Class participated in a responsive reading led by the Class President, Tina Meyn.

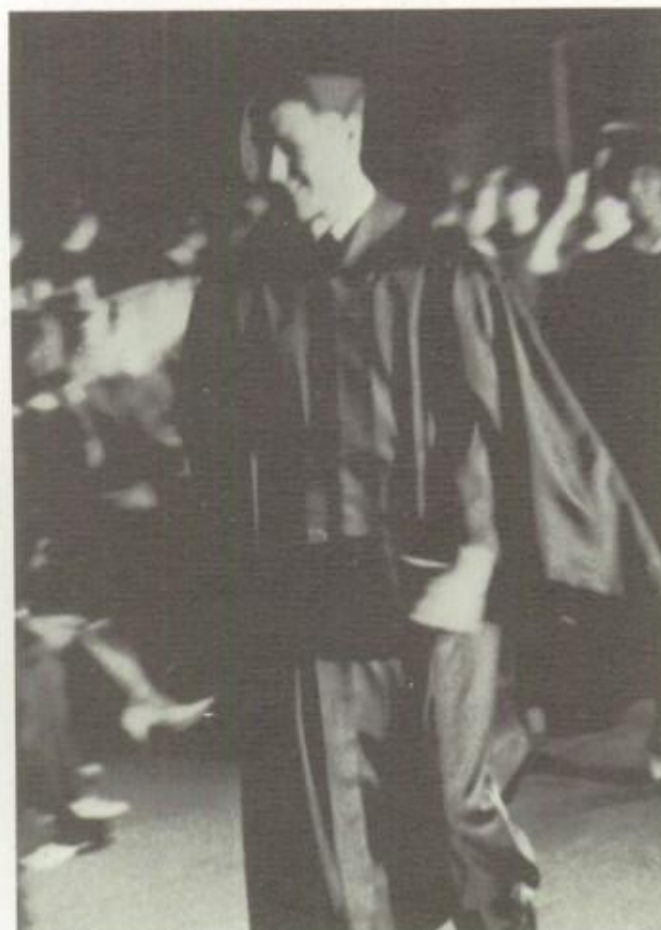

SENIOR PICNIC

The Senior Picnic was held at Blackberry Farm on Wednesday, June 10, 1964. Volleyball, football, swimming and dancing were some of the available activities. A bar-b-que luncheon was also served to the seniors, parent and faculty guests.

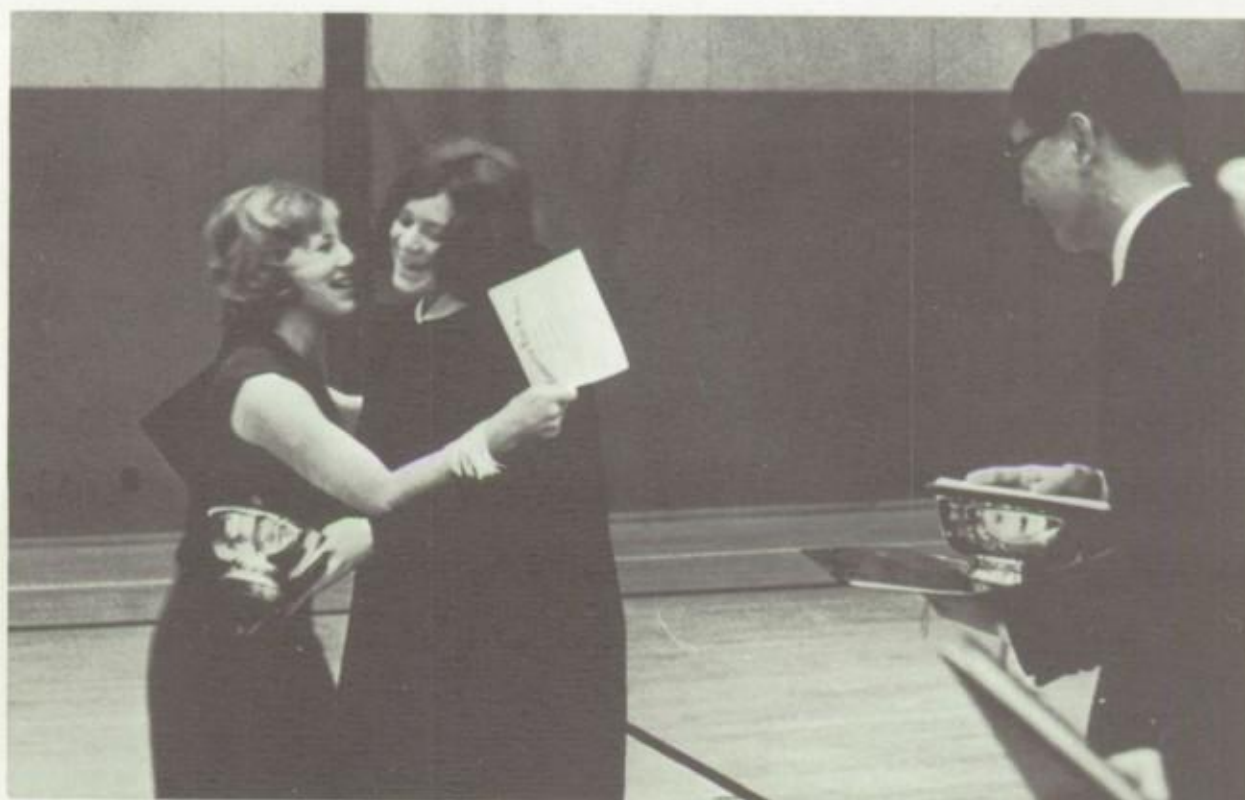

COMMENCEMENT

Recipients of the Senior Cup Awards were: right, Ann Cozens; left, Michael Rainey; below, Pat Cline and Michael Kaku.

Graduation speakers were Michael Kaku, "In the Name of Science" and Stephen Smith, "The Road Less Traveled."

C.A.S.

The Committee for All Students is an inter-racial organization that was formed in the spring of 1962. The members meet together to discuss racial problems at Cubberley and in the community. This year the group organized forums with Ravenswood to discuss the relationship between the two schools.

International Club

Political Science Club

The Political Science Club utilizes speakers, discussions on politics, government, and foreign affairs to create better understanding and awareness of forces which govern us.

F.B.L.A.

This organization affords students an opportunity to become acquainted with various business activities and methods. This group aided the yearbook staff this year by selling yearbook ads, while receiving some excellent experience in salesmanship.

In the past, the BLACK and GOLD has been known as a student government newsletter. This year however, the BLACK and GOLD has covered such student controversies as the graduation party and the Welfare Board. The type of literary expression available in the BLACK and GOLD affords any interested student freedom of thought and opinion in written form.

Folio V, Cubberley's literary magazine, made its appearance in the spring. The staff, composed of a Literary Board and an Art Board, sorted through the many creative works submitted by students to compile the publication. Poems, short stories, sculptures, paintings—all found their way into the issue. Technical production was done by the Graphic Arts Department.

Back row: K. Schrader, K. Clark, B. Hauptli. Middle row: M. Morrison, J. Wise, S. Carter, M. Schill, K. Kennedy, G. Wichert. Front row: K. White, A. Van Nortwick, C. Bower, B. Erickson, J. Doty.

Each year, a sophomore English class prepares the CUB, a handbook of vital information about Cubberley. Since it is done partly during class time, the staff is limited to one of the sponsor's English classes.

The Cub Reporters

Hi-Times Correspondents

HI-TIMES is a specific section of the PALO ALTO TIMES published each Thursday as a regular feature of the newspaper. Its purpose is to provide concentrated coverage of the activities of the schools in the TIMES' circulation area. Students assigned the responsibility for reporting their school's events have a task which requires dedication plus detailed knowledge of their school's activities. Cubberley's two HI-TIMES reporters are under the general supervision of Commissioner of Communications Luellen Gold. The function of HI-TIMES reporter is a valuable learning experience in responsibility in the field of communications and journalism. Co-operation between the school and the newspaper has produced mutual benefit to both.

CATAMOUNT STAFF (seated, left to right) — Ben Bodding, sports editor; Barbara Huie, copy editor; Pam Burke, assistant news editor; Bill Mills, copy editor; Pat Cline, editor-in-chief; Shelly Muser, photo editor, and Carol Lane, news editor. Reporters include: (rear) Bette Perman, Kathy Kennedy, Zoe

Lofgren, Joan Hirayama, Kathy Grant, Don Myers, Lorrie Clark, Steve Moses, Barbara Eickworth, Phyllis Baldwin, Mac Kaplowitz, Doug Obujen and Lannie Larsen. Staffers not pictured include: Gidget Gist, Linda Creasey, George Richmond, and Mr. Robert Maxwell, advisor.

Catamount Staff

The CATAMOUNT, Cubberley's student newspaper, emerged this year with new format, make-up, and staff organization heralding a new era in student publications. The expensive practice of former years — sending the copy to a commercial printer — was abandoned in favor of a smaller, more compact and more frequent paper produced entirely on campus. As a result, the provision for last minute changes in the paper allowed for current, up-to-date stories.

For the first time, all levels of journalism students were included in one class during F-block; it was this class that wrote the many news, feature, and sports that filled the eighteen '63-'64 issues.

The purchase of a Justowriter machine, which automatically types copy in columns, made it possible to do paste-ups and lay-outs here on campus. This and other technical work was carried out in the Graphic Arts room, K-12.

This new procedure saved the student body funds some \$3500 as compared to previous years' expenses.

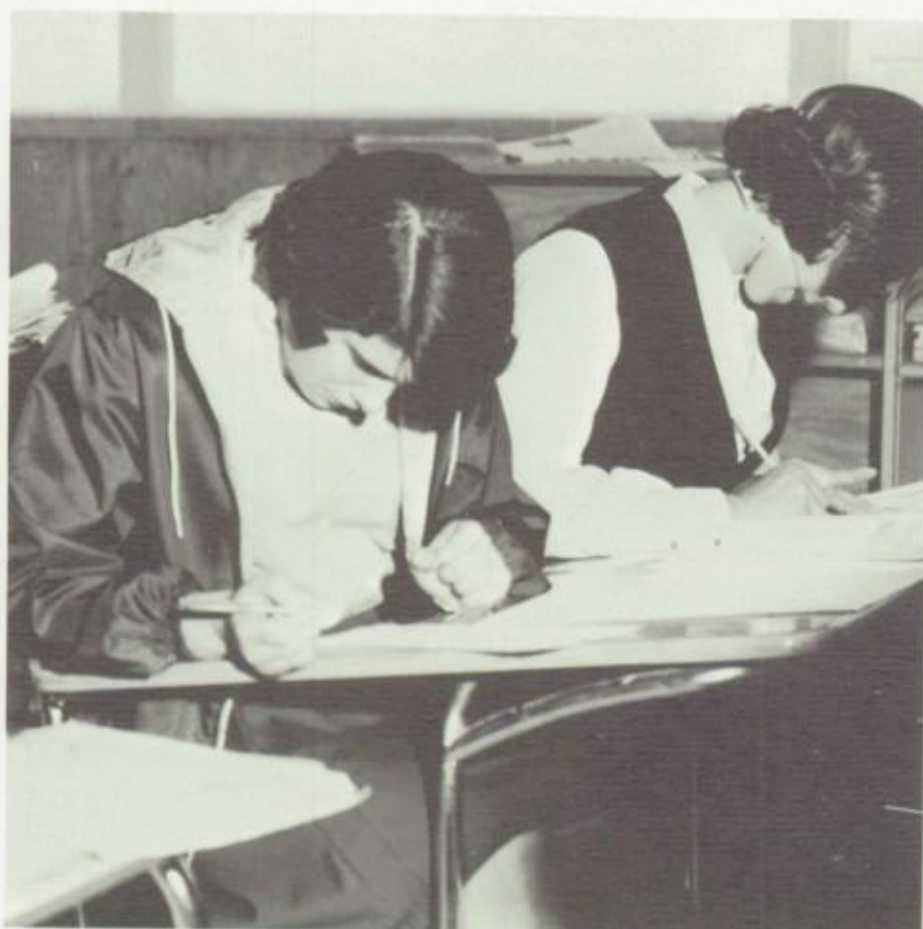

Reporter Lannie Larsen checks story facts with News Editor Carol Lane.

Totem Staff

Shhh! Editors hard at work

Following in the progressive tradition of the previous year's TOTEM staff, the 1964 editors inaugurated many changes in the current edition. The policy of year-end distribution with a supplement for spring activities was replaced by an August delivery of the yearbook, which permitted greater time for preparation and layout of copy and pictures and more thorough coverage of the year's events. The 1963 innovation of color end-sheets was continued, the Senior Section revised and enhanced in appearance, and the entire yearbook more imaginatively and artistically composed thanks to the additional time provided by the later deadlines. The theme of "freedom" — academic, social, and spiritual — was selected by the staff and incorporated in the organization and text of the annual.

Cultural Life

Glimpses

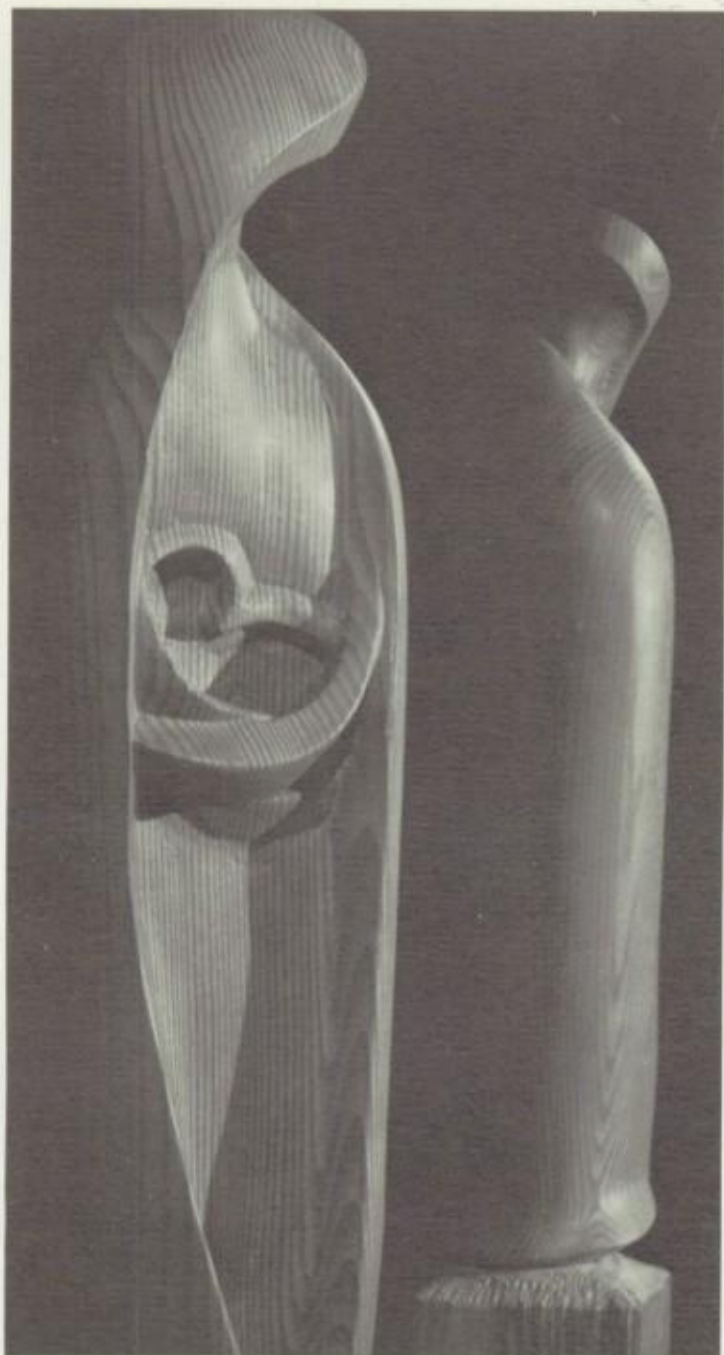

In addition to presenting various excellent school assemblies, the Music Department participated in a variety of musical events. The year began with a candy drive and "Pops" Concert, through which the department raised money for the Musical "C" Scholarship awarded to promising music students. Next, various instrumental and vocal groups and soloists performed in a Solo and Ensemble Concert. Another important event for the Orchestra and Vocal Departments was the exchange assembly with Awalt High School. Our department went to Awalt and heard their program and then the former hosts were Cubberley's guests for a performance. The band was especially busy preparing for marching in football games, the May Day Parade, and playing in the Spring Concert. This annual concert, with which the musical activities culminated, was composed of two programs. One program featured the orchestra and glee clubs, and another featured the band and choir.

In this scene from the "Imaginary Invalid," the years' dramatic production, Louison cries, "Oh father, you've killed me", as she receives a "beating" from her father (the Invalid).

The Cubberley Marching Band performs, with the aid of "Dr. Ben Crazy", who is busily inspecting the "team".

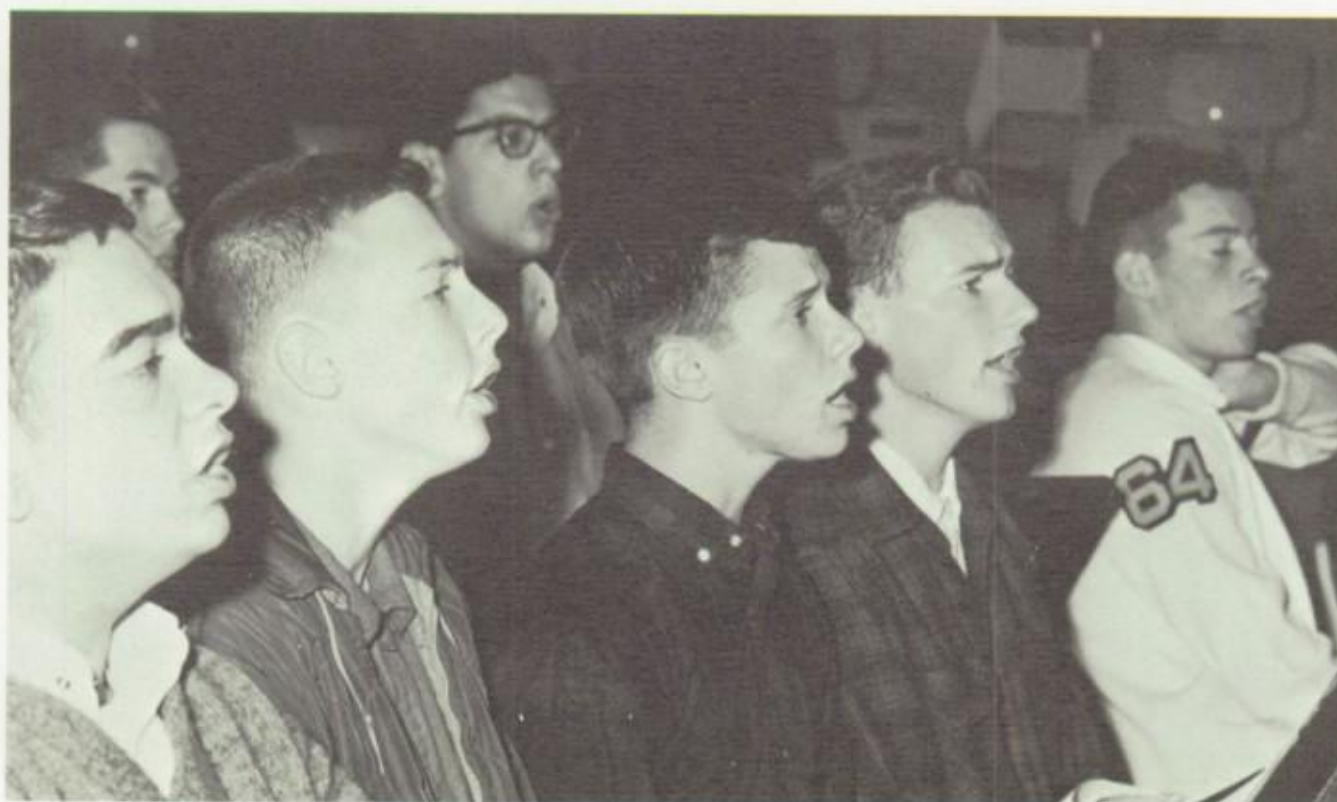

This art object, "Mother And Child" was created by Steve Magyar.

The numerous posters made by the Art Department were only a small part of the work displayed. Objects of art such as jewelry, pottery, and sculpture were placed in the Student Hall. In addition to all that was accomplished in class, two extra-curricular art groups were formed: the Noon Art Group, which met each noon for informal discussions, and the Art Seminar which met at Mrs. Johnson's home to discuss religion, philosophy, and other topics relating to the theories of art. The Art Department also joined with the Drama and Music Departments to present Cubberley Night. Mosaics, posters, and sculpture were among the displays.

The Drama Department presented two excellent plays, the "Imaginary Invalid" and the "Miracle Worker". The latter was directed by student Marc Jacobs. In addition to this, the Department joined with the Music Department to present the "Music Man", and with both the Music and the Art Departments to put on Cubberley Night. The drama students enacted scenes from such plays as "Taste of Honey" and the "Imaginary Invalid". The individual drama classes had a busy year also. The first year drama classes presented an invitational festival of one act plays for three days. The second and third year classes presented a series of one act plays during the week of May 25. The third year drama classes, in addition to their activities with the second year classes, performed excerpts from various plays for the junior English classes.

Below, left to right: Bonnefoi, Thomas Diafoirus, Dr. Diafoirus, Dr. Purgon, and Fleurant.

Moliere's mocking pen usually satirized people as social types, portraying them as fakes or impostors. The plot of "The Imaginary Invalid" follows the author's regular pattern. The father thinks he is deathly ill and allows his greedy wife and "doctors" to run his life. Argan, the father, tries to marry his daughter to a young idiotic doctor, for the purpose of obtaining medical care from him. But his daughter is already in love with another young man. The plot weaves and spins a hilarious farce, as the clever maid helps the daughter marry the man she really loves.

Keeping the laughs coming, Liane Cordes proved to be an able mistress of ceremonies.

Dancer Cathi Van Nortwick lightens up the evening with her pantomime of "Pink Shoe Laces."

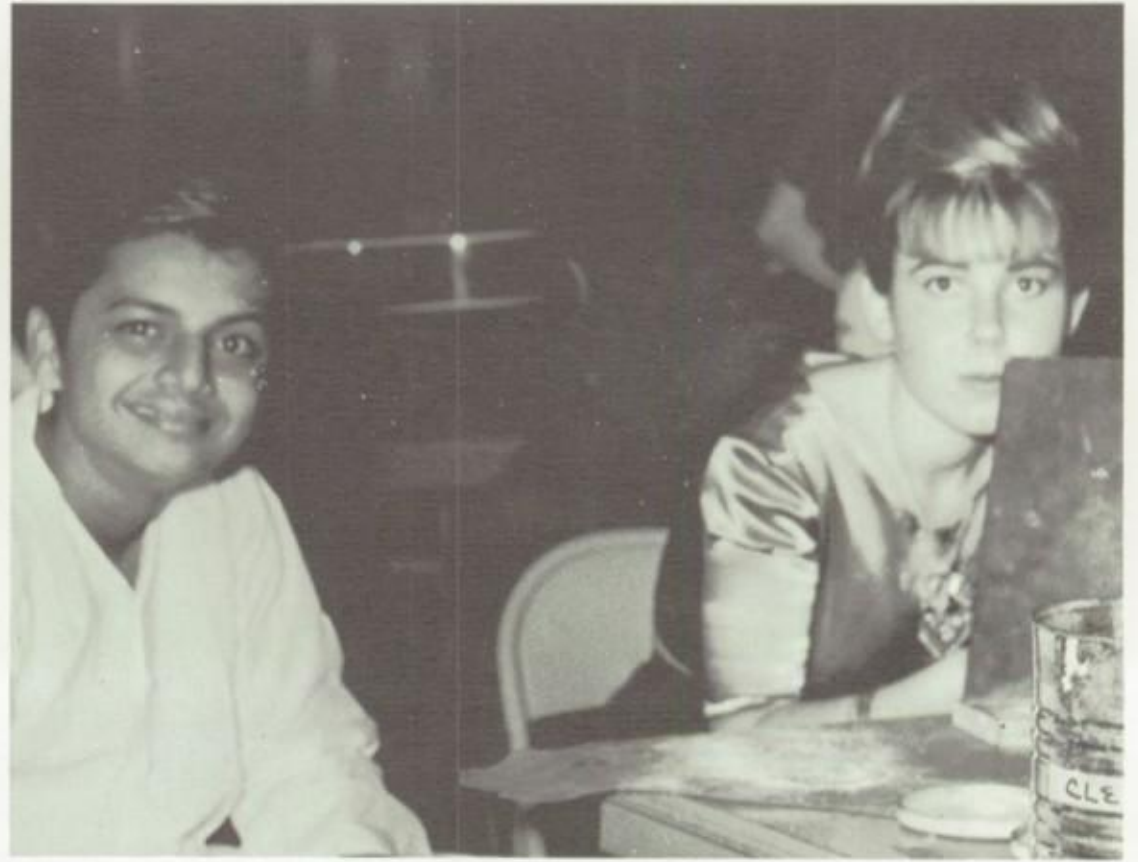

COED CAPERS

A group of students brings a touch of Russia to Cubberley with their festive singing and dancing.

Malie Harrington gives her funny rendition of "They get sick, simply sick over me".

Foriegn exchange student Rajiv Pathak and his partner Pat Albers relax back stage before performing their Indian song and dance.

The 1963 Coed Capers was built around the theme of a kidnapping: a little girl is whisked away from the good guys by a wicked witch. The ensuing chase traverses many lands, including India, Hawaii, Mexico, Russia, and the United States. The show was supervised by Mrs. Beth Erickson.

"Mr. Postman", sung by Jennifer Jones, Cora Knox, Winona Manuel, Brenda Johnson, and Elayne Nichols, was one of the highlights of Coed Capers.

"You really ought to give Iowa a try!"

The 1963 Cubberley football team concluded a successful season tied with Sequoia for second place in the SPAL championship race with a 5-2 win-loss record.

After salvaging a 19-19 tie with powerful Campbell on two second-half touchdowns by Morse and Kmetovic, the Cougars met Camden in the final tune-up contest and blew a 20-6 halftime lead with three fumbles that were converted into three touchdowns by the invaders.

Winless but not dis-spirited, the Cougars opened the SPAL season against arch-rival Palo Alto in the game predicted to determine the league championship. In a wide-open offensive battle the lead see-sawed with the Cougars on top 26-21 in the fourth quarter thanks to the running of Morse and Kmetovic and a 36-yard touchdown pass to Rob Taylor. However, a Cougar fumble handed the ball and a touchdown to the Vikes, who iced the game with an interception in the closing moments.

In a televised contest, Cubberley annihilated Menlo-Atherton 54-20, setting a new league scoring mark. Leading the onslaught were Morse and Kmetovic again, with six touchdowns and 418 yards between them.

Four consecutive victories followed the M-A win, as Coach Doster's boys shut out the San Carlos Dons 32-0, whipped Carlmont 26-7 in the Homecoming game, took on highly-regarded Woodside with Tom Kmetovic injured and emerged on top, and routed the hapless Ravenswood Trojans 34-12.

The final game of the season against Sequoia reversed the fortunes of the Cubberley touchdown machine as the Cougars were defeated 26-21 by the inspired Cherokees despite the stand-out all-around play of John Coffron.

Sophomore Football

Highlighted by a strong defense but lacking offensive punch, Cubberley's sophomore football team compiled a record of 2-2-3 for the 1963 season.

The sophs, coached by Clarence Merkley, Robert Bow, and Victor Camacho, opened the season on a sour note, dropping the initial league game to Menlo-Atherton, 7-0, but rebounded the following week as they defeated San Carlos by the identical score. After suffering a 20-0 shellacking at Carlmont, the junior Cougars met league-leading Woodside and knocked them out of first place, coming from behind to knot the final score at 13-13. Traveling to Ravenswood for the next contest, the sophs cut out the Trojans, 6-0. The last two games of the season ended with deadlocked scores as the Cougars battled Sequoia to a 6-6 tie and took on Paly in a scoreless defensive contest.

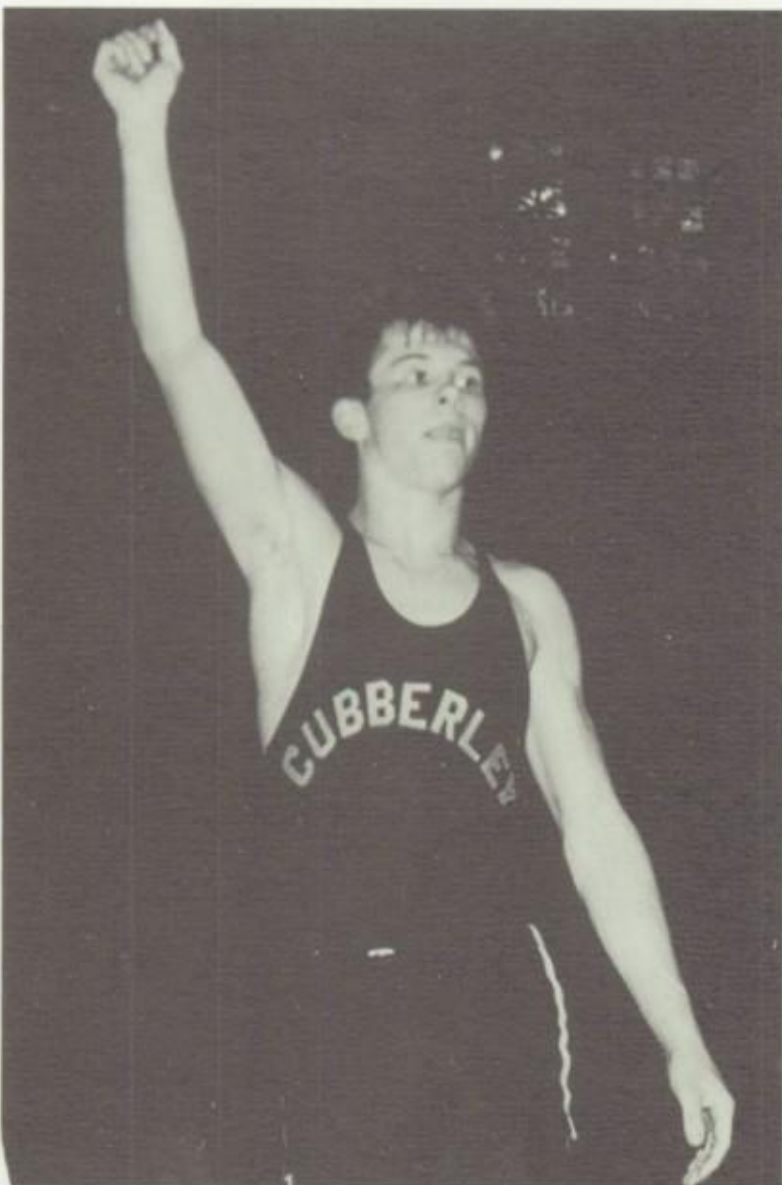

Topping the team in statistics were Steve Walker, with a 6.16 yards-per-carry rushing average, Quarterback Red Hovis, with 7 completions in 24 passing attempts for 64 yards, and Neil Yeager with 12 points.

The sophomores were spearheaded by Brian Heinrich, Rod Hollars, Tom Krajicek, Dave Perry, Steve Walker, Neil Yeager, Dave Hale, and Stu Habley. Yeager and Perry were elected co-captains at the conclusion of the season. Heinrich, Hollars, and Yeager received All-League Honors.

The winner . . .

In dual meet competition the Cougars compiled a 8-2 record, winning the final seven meets. In the S.P.A.L. league standings Cubberley finished second with an outstanding 6-1 record. The highlight of the season was the decisive 31-14 victory over previously unbeaten San Carlos.

This year in the North Coast Section Wrestling Tournament with 62 high schools competing, Cubberley finished 8th in team standings with 23 points. This has been the highest number of team points compiled by an S.P.A.L. entry for the past eight years. Competing in the North Coast Section Meet for Cubberley were: Greg Taylor (2nd in 112); Paul Lo Forti (4th in 120), Rich Guenther, Neal Powers, Jim Wipff (4th in 154), and Mike Coffron.

In the Northern California Wrestling Championship Tournament representing 150 high schools, Cubberley finished 40th. Greg Taylor, Paul Lo Forti and Jim Wipff competed in the Tournament. The eight schools of the S.P.A.L. qualified 6 wrestlers for the State Tournament and of those 6 the Cougars had 3.

With eleven returning lettermen to serve as a nucleus the prospects for next year are indeed very bright. Paul Lo Forti, Jim Wipff, Mike Coffron and Doug Cross have established themselves as strong contenders for individual honors next season. With additional experience from P. Nattkemper, M. Wigton, D. Clausen, D. Rice, D. Allison, F. Klafs, and D. Johnson will give the Cougars a fine over-all team strength.

Cross Country

The cross country portion of the Cougar track effort humbled 30 opposing teams during the three-month season in the fall and winter of 1963. The Cougs began to roll right from the start, with a victory in an East Bay event. Cubberley ran off with 10 ribbons and a first place for both the varsity and soph divisions.

In the next meet at Hillsdale, the varsity took first, and the JV's came through with eight out of the top 10 places.

The JV's experienced an unusually good season, taking second place in the SPAL, and setting new JV records.

Varsity runners placed second in the SPAL finals, eighth in both the NCS trials and finals and carried the team to a rating of fifteenth in the nation.

Cubberley's '64—'65 varsity basketball team completed its season with a 17—4 record. The team won 3 out of 4 non-league practice games, the Healdsburg invitational tournament, and posted a 11—3 win-loss record in SPAL competition, finishing second to the Woodside Wildcats in the final standings.

The Cougars opened the season at home against San Francisco's Lowell Indians on Nov. 28. Rick Kuhta and Scott Sonne showed the form that would later make them All-league selections. Rick scored 18 and Scott 15 to lead the ball club to a 53-36 victory. Our second game came against Galileo High School of San Francisco and Cubberley emerged the victor 62—39.

The Healdsburg Invitational Basketball tournament was played on the nights of Dec. 13, 14, and 16. The home-

town Healdsburg Greyhounds hosted the Cougars on the first night. Cubberley showed its appreciation with a runaway 58-24 victory. A second round victory over Hogen, 58-33, set the stage for a tournament final against Washington of San Francisco.

A handful of Cubberley rooters made the 70-mile journey to Healdsburg to see the Cougars come through with what Coach Bud Presley termed the "greatest team effort in Cubberley history" For 32 suspense-packed minutes the hustling Cougars battled the much taller and faster San Francisco team. The team's control tactics finally prevailed as they posted a 32-31 victory.

Kuhta, was voted the most valuable player of the tournament and was named to the A tourney team.

Kuhta and Sonne were honored in the post season all-league selections. Kuhta was chosen for the first team, All-SPAL and for the second team in the All-North Coast. Sonne took second team SPAL.

Chris Neall was the most accurate in the league, winning both the field goal and free-throw percentage titles.

Upon returning home the Cougars defeated St. Francis 56—36 before losing their first game to St. Ignacius 55—52.

The Cougars, one of the favorites for the South Peninsula Athletic League championship, were unimpressive in winning their first league game against Sequoia, 36—34. The pattern of slow motion basketball was repeated in the second game against Carlmont. This time, a 49—42 Cougar win.

The league's best team was supposed to survive the Woodside tilt. It ended with a 53—43 victory for Woodside.

Against San Carlos, the Cubs rebounded to a 43—36 victory.

Scott Sonne came out of a slump to score 15 and lead the Cougs to a 43—35 win over the Menlo—Atherton Bears in the next game.

The first Ravenswood game was all Rob Taylor. He held the league's leading scorer, Mel Easley, to only 8 points

while poking in 13 points himself. The win was a squeaker at 34—32 for the Cougs.

Cubberley ended the first half of league play with a rare victory over crosstown rival, Palo Alto, 50—37.

The Cougs ran over Sequoia next with a 61—40 rout.

Against Carlmount, four Cougs racked up double figure totals, as Cubberley carried a 61-48.

Woodside was a different story, as Cubberley was out-shot and out-rebounded to the tune of 59—40.

Neall's relaxed play and hot shooting helped turn the tables on San Carlos as he ripped 22 points through the nets—the most scored by any Cougar for the season.

The second M-A game ended in a Cubberley victory, but only by a 41—38 margin.

The last two games saw Ravenswood extract revenge with a 62—45 drubbing and another over Palo Alto, 55—44.

The junior varsity basketball team, coached by Dale Sumers, claimed the 1963—64 SPAL junior varsity basketball title. The JV's won their last seven games to assure themselves of the title and end the year with a 9—1 record.

The Cougars opened their season with a win over Sequoia 46—24. They captured the next contest, against Carlmont, but lost to Woodside 24—20. Cubberley beat Menlo-Atherton 28—19 two weeks later, topped Ravenswood, and smashed Paly 60—28.

The Cougars beat Sequoia 45—23, Menlo-Atherton 60—43, Carlmont 50—46, and toppled Paly for the second time 43—33, in the second round of league play.

B Basketball

With no returning lettermen from last year's championship club and with a new coach, Cubberley fielded a B basketball team that, though long on hustle, was short on wins.

Only two players, Gilbert and Bena, had ever played lightweight basketball and the gross inexperience showed as the club stumbled and bumbled merrily along to a final 3 win, 18 loss record.

Outstanding players for the B's were Fred Tanaka, who set a school "B" scoring mark with 23 points, Dave Bena, a fine senior forward, and hustling Jeff Gilbert, who though the most experienced player on the squad, was used in a reserve capacity by Coach Al Chanteloupe.

This year Cubberley had a new fall sport, water polo. Coached by Mr. Harlan Harkness, the Cougars put forth a tremendous effort in entering league competition for the first time to take seventh place out of eight teams, with an overall record of two wins and eight losses.

Cubberley's first game was played against San Francisco State College. The Cougars showed their inexperience by losing 13—4. The team then played what they considered the two toughest teams in the league, Palo Alto and Menlo-Atherton, and lost 19 to 14 and 20 to 5 respectively.

In their first home game the Cougars came back to swamp San Francisco State College 13 to 7, to prove that they were learning and learning well.

Key members of the water polo team were Pete Shutts, All-League first team; Dennis Friendrich, All-League Honorable Mention; Bruce Boyd, Bob Chatfield, Lucien Forbes, Phil Plant, and Jud Shutts.

Coach Harkness feels that next year Cubberley will be definitely putting in their bid for first place.

Swimming

The 1964 Cubberley swim team, coached by Mr. Harlan Harkness, proved to be the best in the school's short history, with a 6—4 win—loss record. This placed Cubberley third in the league standings behind powerful Paly and Menlo-Atherton.

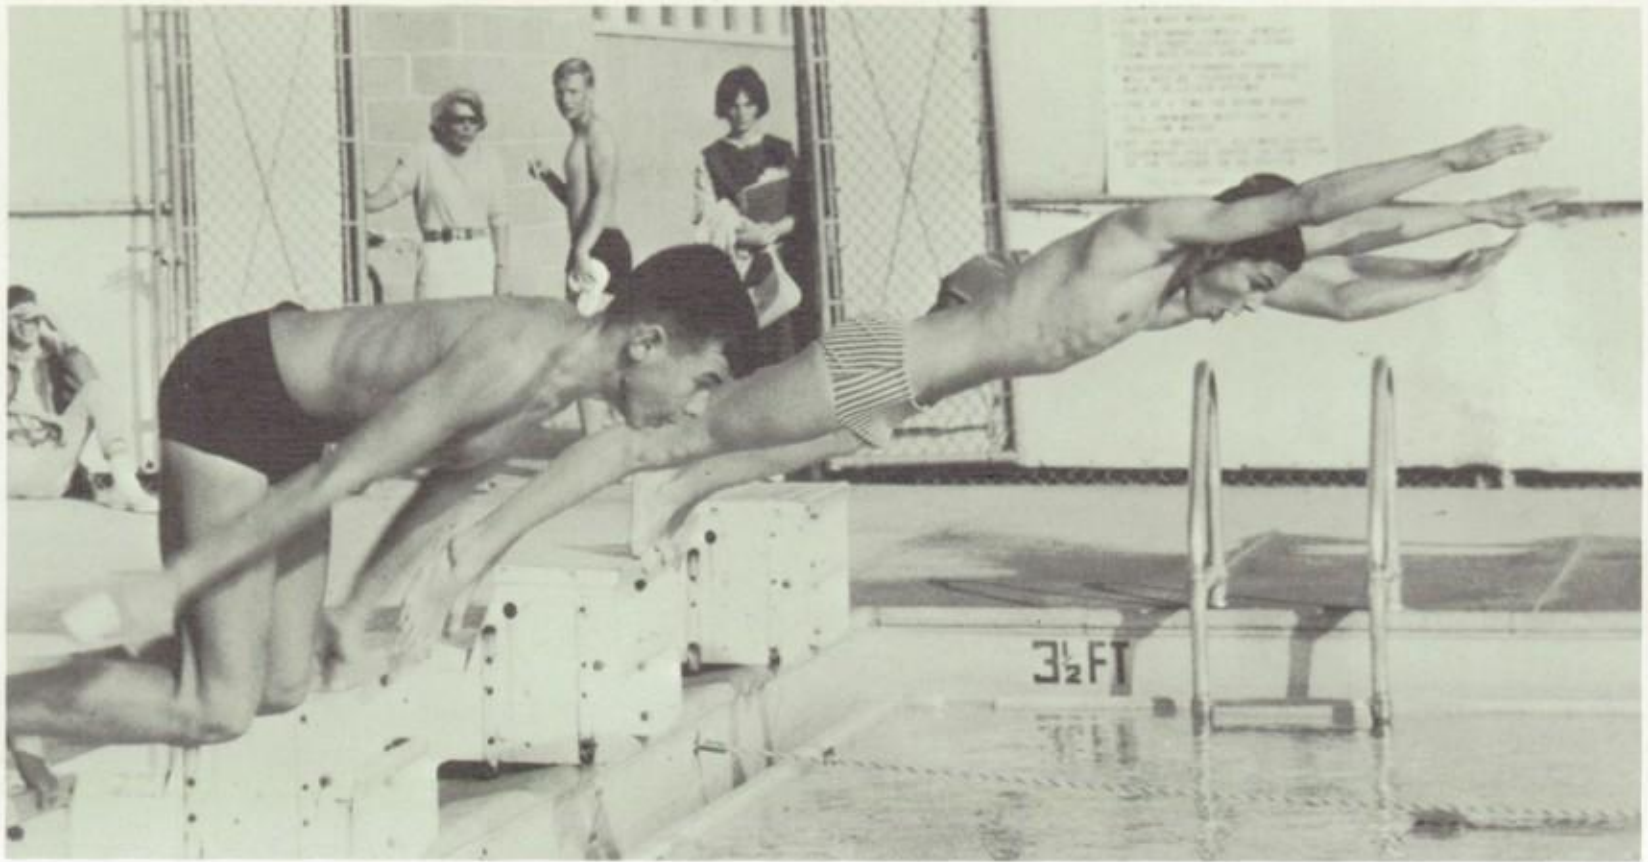

Out of the 28 events, the '64 swim squad broke 21 records including both varsity relays and the varsity diving.

Outstanding this year were Dick Crittenden, Bruce Boyd, Bob Chatfield, and Pete and Jud Shutts. The Cougars also had two fine divers in Fred Nattkemper and Phil Plant who finished second and third respectively in the South Peninsula Athletic League Finals.

Jim Hoyt, Denny Friedenrich, Curt Schmacher, and Ken Wardle along with Crittenden, lead the B's but also swam varsity in important meets.

The C's broke practically all the school records possible behind the efforts of Jim Hlavka, Walt Farrell, Julian Tosky, and Jeff Wise.

The fifteen best times in each event throughout the United States are turned in to the All-American board to be compiled. Cubberley's Pete Shutt's 2:05 time in the two hundred yard individual medley qualified him to be the first Cougar to attain All-American honors. Pete was the most valuable varsity swimmer on the strong swim squad, and also team captain on the '64 water polo team.

Coach Ron Skillicorn's last year as head of the Cougar cindermen was a successful one as he led the Cougs to a second-place finish in league competition (6—1) and to the third place in the league finals.

The tracksters opened their league season at home against SPAL champs Carlmont. Throughout the meet it was close, but a Scot victory in the relay shut the door on the Cougars.

The biggest win of the year was the 83—39 shellacking of Paly. Cubberley finished first in most of the events to hand the Vikes their biggest setback in the six-year rivalry.

Cubberley placed 31 men in the league finals, 23 in the division finals, and 10 made it to the Northern California finals. Burke Mitchell went farther than any Cougar as he placed fifth in the shot, missing the state finals by six inches.

At season's end, Mitchell was selected as the "outstanding performer of the year". Sophomore Steve Walker was the "most improved", while Bill Fisher was elected captain and "most inspirational".

Top cindermen for the 1964 season were Bill Birtwhistle, Dave Furst, Nat Handy, John Coffron, Mike Coffron, Viv Weckiewicz, Ron Eng, Jim Campbell, Ed Barber, Dennis Guest, Tom Kmetovic, Burke Mitchell, Steve Walker, and Bill Fisher.

The 1964 Sophomore baseball team finished fourth in the S.P.A.L. league with an 8—6 record.

D. Lewandowski at first base and L. Mitchell in the outfield both made the 1st string all league team. Pitcher M. Kelly with a 5—2 league record and catcher R. Hovis were named to the 2nd team. Shortstop T. Krajicek showed well as the team captain throughout the season. T. Lundy, O. Poole and G. Hayes split the second base chores with B. Goodman handling third. The outfield was patrolled by C. Hall who hit .348 during the league, A. Thoburn, E. Huston, T. Logue and L. Dye. H. Coughanour was the team's best pinch hitter and T. Carter backed up R. Hovis behind the plate. D. Lewandowski was awarded a trophy at season's end for being the team's best hitter; .384 league average, .333 season average. T. Lundy was awarded a trophy for being the hardest working hand best team man.

Coach Al Chanteloup was very satisfied with the work of the team and was especially proud of the team for having won all five one-run games in which they participated during the league season.

Everest beats out an infield single against Paly.

Junior Scott Sonne's no-hitter against Ravenswood, the Easter Tournament championship, two league wins over arch-rival Paly, the 21-4 annihilation of Ravenswood (2nd game), and the three one-hitters and the three three-hitters turned in by the Cubberley pitching staff highlighted George Hurley's final year as baseball coach.

Sporting an 8—6 won—loss record (14—7, non-league), good enough for third place in the S.P.A.L., the Cougars were blessed with three fabulous pitchers. Senior Bryan Winnovich had a one-hitter, a two-hitter, a three-hitter and two five-hitters, while compiling a 8—3 record. Scott Sonne, a junior, threw a no-hitter, whiffed 18 and 20 batters against Woodside and Sequoia, and owned the fantastic record of having 72 strike-outs in only 40 innings. And Rick Lambson was great in the Easter Tourney; allowing just 3 runs, 7 hits, and fanning 28 in 20 frames. In addition, he pitched the final game, beating Sunnyvale 6—3.

Catcher Dan Frisbee (.306), 1st baseman Dan Gilbarg (.300), and 3rd baseman Tom Everest (.275) provided most of the scoring punch. Rick Kuhta, who received all-league recognition at shortstop last year came on strong in the latter half of the year despite a slow start at the bat.

The Cubberley golf team finished a mediocre season behind the efforts of Bill Sutherland, Butch Spencer, and Jeff Gold.

Out of four dual-meet schools, Cubberley finished last. But things looked brighter with the Cougars picking up fourth in the over-all league championships.

Palo Alto only lost twice by slim margins to capture the crown in dual-meet and league championships.

The top meet for the Cougars was a 22-11 victory over San Carlos.

Sutherland, Spencer, and Gold continue to shoot in the 80's and reached their high point of the season in the finals.

Even though Cubberley finished last, Bob Bow's linksmen placed Gold and Spencer on the all-league squad.

Tennis

Even though the Cougar tennis team had the top S.P.A.L. netter and North Coast Sectional champ, George Todd, on its roster, Cubberley ended the season with a 5-7 league record and 5-9 over-all, good for a fourth place finish.

The Cougars also had a terrific second man in John Houghton. Houghton lost only once during the season and that was when he played in place of Todd. Todd was a member of the Cubberley tennis team for three years and never lost a match. He was also NCS champ as a sophomore. He didn't enter as a junior.

Other members of the 1964 team were George Hartley, Dick Svedman, Roger Haughton, John Yue, Rick Jones, John Nichols, and exchange student Rajiv Pathak.

The biggest win of the season was the 4-3 upset of second place Menlo-Atherton.

Both Todd and Houghton placed on the all-league squad.

The Girls' Recreation Athletic Association sponsors a sports program which is an important part of the extra-curricular activities at Cubberley. This organization offers a wide variety of activities to satisfy the many girls that are interested in sports. The association sponsors eight sports in four sessions. These sports include tennis, field hockey, basketball, swimming, volleyball, modern dance, badminton and softball. Team competition with various schools provide variety and entertainment for participants and spectators alike. The GRAA executive board (pictured above) plans and executes this sports program as well as sponsors play days and mother and father-daughter activities.

Tennis

After-school tennis turned out many strong tennis players this year. Tennis requires a great deal of practice, timing and coordination and through the help of manager Grace Lazear most of the girls improved in these areas. A ladder tournament was held for those girls interested in competitive tennis, while the others were given instruction and had an opportunity to become better tennis players through much needed practice.

There must be an easier way to do this.

The turnout for swimming this year was high in quality, yet low in number. The girls who did take part in the swimming program wanted instruction and practice in both synchronized and competitive swimming. Manager Jean Hanchett planned this sport so that the girls would have the opportunity of getting experience in both aspects of swimming.

Basketball

Basketball is an extremely popular sport at Cubberley and all over the world. Seventy-five countries outside of the U.S. enjoy this sport which is based on the Indian game of lacrosse. Forty-five girls at Cubberley joined in after-school basketball this year, to learn the fine points of the game, as well as the teamwork and sportsmanship which make up any joint athletic effort.

Basketball Team

Good coaching and hard practice brought honors to Cubberley's girls basketball team this year. The team practiced once a week and played in 7 games, winning 7 and losing 0. This is the fifth year that Cubberley has had a girls' basketball team and interest and enthusiasm continue to grow.

Modern Dance

The last few years has been a period of remarkable vitality in American Dance and a large part of the interest in dancing is developed in modern dance groups such as held at Cubberley as part of the after-school program. Modern dance teaches techniques of movement and stimulates an interest in individuality and creativeness in dance. Paula Ruttenberg, manager of modern dance, planned this activity so that all the girls would have the opportunity to learn various dance techniques, as well as to create their own dances for presentation.

Arlene Blatny demonstrating one of the dance movements.

Softball

Softball is a team sport which requires many individual skills, as well as the ability to work with others. This year softball had a very good turn out, with about 40 girls attending each meeting. Manager Sue Banfe was able to form 4 teams and conduct a competitive tournament, which contributed to the lasting interest and participation throughout the sport.

Recreational Leadership

The Recreational Leadership class at Cubberley is an innovation in the Girls' Physical Education Department. This class has been in existence for years, but has only recently broadened its scope to cover many varied, yet related areas. The class is opened to Jr. and Sr. girls who have been recommended by their physical education teacher and who have shown an interest and potential in leadership.

The main objectives of this Recreational Leadership class are: 1) to give girls the opportunity to learn more about physical recreation and the general field of recreation; 2) to let the student learn to develop and increase her leadership abilities; 3) to let the student use these abilities in actual leadership experiences in the school and community; and 4) to introduce to the student a variety of recreational skills that can be applied during the school life and later on as participating members of community life.

The subject matter in Recreational Leadership is widely varied for the purpose of giving the girls an opportunity to experience the demands of leadership in many areas. Some of the units covered by the class are, community recreation, camping, elementary school physical education, social recreation, arts and crafts, basketball officiating, folkdancing, and a general study of the history and importance of recreation.

Many special projects are utilized in this course to add to the "classroom" activities. Some of these include assisting the recreation department, and observing activities in the community and industry, all in an attempt to relate classroom learning to everyday situations.
